

# Perspectives Is Coming To Western PA Again!

## What is Perspectives?

- It's an opportunity to gain a new view, a new perspective, on what God is doing in the world and how you are called to be a part of it.
- Participants come away with an understanding that each way to serve – praying, sending, going, mobilizing and welcoming- is important in God's kingdom plan.
- It's a 14-week course offered by the US Center for World Mission, a non-denominational ministry serving churches and mission agencies worldwide. There are 3 credit levels to choose from - certificate, undergraduate or graduate. The textbook and study guide expose readers to powerful insights and principles from key leaders from around the world. The information and assignments help participants dive deeply into the unfolding story of God's purpose for His people.
- It's unique because each week is taught by a different instructor with expertise in his or her subject. There are 4 key components:

**Biblical** - See God's purpose unfold from Genesis to Revelation. It will change the way you read the Bible.

**Historical** - See the hand of God throughout history, moving people and nations according to plan.

**Cultural** – See how God has left an imprint in every culture and how Jesus Christ transforms and makes each his own.

**Strategic** – See the amazing ways the Lord is working through the global church to complete his purpose. Discover your own unique role in the enterprise of the ages.

## Who should attend?

Anyone with a desire to learn and be challenged ... lay people, business leaders, teachers, pastors, Christian educators, committee members, missionaries, parents, college and older high school students.

## Where and when?

The same Perspectives Course is being held in three local area locations beginning in January 2013. If you need to miss at your location you may attend one of the other classes.
